Welcome to our Stud Program!

By signing this agreement both Dam Owner and Stud Owner acknowledge that they are the owner or lessee of stud dog and/or dam and have the legal right to breed dog.

This contract dated _____ is entered into between:

Daneesha Jonescu- Beautiful Doodles 4 U LLC (hereinafter "Stud Owner/Breeder")

And _____ (hereinafter "Dam Owner/Breeder").

CONTRACT STUD FEE AND STUD SERVICE CONDITIONS FOR THIS BREEDING

The following terms and conditions are agreed to by both Stud Owner and Dam Owner:

The stud fee for this breeding is \$ _____. Two puppies constitute a litter. Stud fee is due and payable prior to the 1st breeding. Stud fee can be paid via cash or Zelle 520-840-5052. In the event of less than two puppies a repeat breeding will be offered females next heat cycle. Should stud not be available for a second studding (if needed), the stud's owner can offer another male as substitute. It is the female's owner who will determine whether to accept the substitute. If substitute is not acceptable, then refund will be given less \$300 fee.

Stud Owner: _____ **Dam Owner:** _____

A culture or veterinary exam, and a vet report indicating that dam is not pregnant will be required at dam owner's expense before a 2nd stud service will be provided. Vet report must include date of exam determining non-pregnancy, and any related findings regarding the dam's health. Progesterone testing/ovulation timing for the female will be required for if a second breeding is needed. Should the dam's health be in question and if her health may have contributed to her not getting pregnant, stud dog owner has the right to decline offering a 2nd stud service.

Stud Owner: _____ **Dam Owner:** _____

Dam Owner and Stud owner acknowledge that the dogs to be bred have no known health issues that could be passed to their offspring at the time of breeding. Dam Owner and Stud Owner have completed all appropriate health testing on their dogs including a complete genetic panel as well as OFA/PennHip, OFA elbows, OFA Heart, OFA Patella (minis or toy breeds) and OFA Eyes. Dam must be current with all vaccinations and in good health, free of hereditary defects, parasites or infections and of sound and stable temperament. Dam Owner acknowledges that the dam dog is at least 12 months of age and less than 7 years old at the time that the breeding takes place. Stud Dog will have the following testing: Hips: free of Hip Dysplasia as evidenced by OFA (prelims are acceptable if dog is a minimum of 12 months old at testing) or PennHip, Eyes: CERF/CAER exam. Heart, Elbows, Patella (mini/toy), and a complete genetic panel through Embark/Paw Print Genetics.

Stud Owner: _____ **Dam Owner:** _____

Dam owner must not knowingly withhold any health issue, temperament issue or faults that could have influenced the stud owner's decision to breed to said dam. Stud owner will supply copies of the results of all testing the dog has completed and a photo. Dam will be tested for brucellosis and evidence of negative results provided within two weeks prior to first breeding taking place. Dam Owner warrants that the dam has not/will not have been

exposed to any stud dog prior to her insemination and that she will be protected from such exposure after insemination.

Stud Owner: _____ **Dam Owner:** _____

Dam owner agrees that if Dam is bred with another male intentionally or unintentionally, **ALL** puppies will need to be DNA tested for proof of parentage. Results will be sent to Stud Owner via email at info@beautifuldoodles4u.com

If DNA proves that the puppies are not from Stud Owners stud dog, then this contract will be void and stud owner will keep the stud fee in full.

Stud Owner: _____ **Dam Owner:** _____

This breeding is a breeding with dam owner’s female dog at the stud owners designated location. Dam owner will transport the dog to the stud owners designated location for each breeding. Alternatively, fresh chilled semen can be shipped to the dam owner’s location.

Stud Owner: _____ **Dam Owner:** _____

Dam Owner is responsible for the costs associated with the dam’s testing and insemination; collection, testing and transport of semen; and coordination of return of any shipping containers to the sperm bank if needed. The owner of the Dam shall pay all costs associated with artificial insemination, in addition to the stated stud fee, and shall assume all responsibility for breeding procedures of the Dam. This also includes all travel expenses where the Stud dog owner must travel greater than 50 miles per insemination round trip. Additionally, the Dam owner will pay all medical expenses unrelated to breeding incurred for the female dog, including medical attention needed if/when in the care of Stud owner.

Stud Owner: _____ **Dam Owner:** _____

The Dam owner will give the Stud dog owner as much notice as possible when breeding will be required. Dam owner will provide Stud owner vet record of insemination for Dam in the event Stud owner is not present for the breeding. It is recommended Dam have progesterone levels tested to determine accurate timing for breeding. If no progesterone testing is done before an artificial insemination or TCI , pregnancy cannot be guaranteed. Breeding will consist of two Live cover mating’s, or collections from stud, or one successful insemination with Dam for Vaginal or Transcervical AI. Shipment of fresh chilled semen for Transcervical or Surgical AI will consist of one shipment of semen.

Stud Owner: _____ **Dam Owner:** _____

Stud owner gives no guarantees for a successful breeding but will make every effort to assure the success of the breeding. Dam owner must notify the Stud dog owner and provide evidence of failure to conceive or a partial litter, in writing (email is adequate info@beautifuldoodles4u.com), not more than 75 days following the mating to receive compensation. Two puppies constitute a litter.

Stud Owner: _____ **Dam Owner:** _____

Dam owner agrees to hold the Stud Owner harmless from all damage or harm to the Dam owner’s dog, whether caused by the Stud Owner or its agent’s negligence or otherwise, except if such is caused by breeders gross negligence or with disregard for the dogs health and well-being.

Stud Owner: _____ **Dam Owner:** _____

Dam Owner will provide Stud Owner information regarding puppies born in a litter including the date of whelping, pictures and updates.

Stud Owner: _____ **Dam Owner:** _____

Dam owner agrees they can care for the Dam and her litter including, but not limited to vet care, food, water and proper shelter, and finding proper homes for the resulting puppies. The Dam Owner agrees to raise the puppies on a curriculum. The Dam Owner agrees to have all puppies examined by a vet, vaccinated by a licensed Veterinarian, microchipped and dewormed before placement with new owners.

Stud Owner: _____ **Dam Owner:** _____

The owner of the Dam agrees to notify the stud owner if any resulting puppies have health issues which could potentially be hereditary.

Stud Owner: _____ **Dam Owner:** _____

Dam Owner agrees that puppies resulting from this breeding shall be sold as PET ONLY on a Spay/Neuter contract. Breeding Rights shall not be given without written permission from Stud Owner for approved programs only. Should Dam Owner offer Breeding Rights without Stud Owners permission, Dam Owner will pay Stud Owner an additional \$3000 per puppy sold on a breeding contract.

Stud Owner: _____ **Dam Owner:** _____

Dam Owner agrees that puppies resulting from this breeding shall not knowingly be sold either directly, or to an agent thereof, who sells outright or consigns to a pet shop, kennel, or individual whose purpose is mass production, wholesaling, or retailing of dogs. The Dam owner also agrees that they will not sell or transfer ownership of any puppies from said litter to any person or organization whose intent is to resell, trade, or give the puppy away for use in laboratory testing or to a known puppy mill or person whose sole intention is to breed and produce litters from this dog. No puppies shall be relinquished to a rescue or shelter.
